

'Hallowed be your name'

'Worthy O master! Yes, our God! Take the glory! The honour! The power! You created it all. It was created because you wanted it.'

REV 4 V 10 - 11

Hallowed means to honour, to hold in high respect and reverence.

Honour originates in our hearts and refers to the value we place on someone.

God is greater than anyone or anything and His name is special.

We reflect back His glory as praise and worship.

Is that really true in your life?

How do you honour Him?

Take a moment to think of the words you would use to honour God.
